

KSİ201

2000kg Heavy-duty Double-deck Stacker

EP
Let's grow together

- Heavy duty Li-Ion battery double stacker for long distance applications
- Double lifting allows to move 2 pallets at the time and to easily drive on ramps and uneven floor
- Great ergonomic design with height-adjustable tiller, suspended operator's platform and padded backrest
- High travelling speed and gradeability
- Powerful AC vertical traction motor
- Automatic speed reduction on turns
- Fast charging trough integrated charger

FEATURE

■ Ergonomic design for comfortable operation

For high-traffic workplaces, KSi201 creates a secure and comfortable compartment for the operator. The truck comes with a protective steel shell to prevent the operator from collisions. With ergonomics in mind, KSi201 makes operation comfort a priority with its adjustable tiller head, the handrail, the backrest and the vibration-free platform.

■ Lithium technology with productivity improved

KS201 twins a maintenance-free 24V/205Ah Li-ion battery with a 24V/30A integrated charger as standard to maximize uptime thanks to opportunity and flexible charging. 24V/100A external charger is available as an option and delivers 2-hour fast charging to increase efficiency.

■ Compact size delivering maneuverability

KS201 demonstrates a compact size resulting in a tight turning radius, making the truck perfect for handling tasks in narrow aisles.

■ Market-proven components with durability

KS201 totally inherits the design philosophy of KPL201 with market-proven parts, mature drive unit and speed up to 10km/h and operators benefit from the truck in terms of productivity, control and durability. Plus, this helps dealers to achieve better parts stock management and reduce parts inventory.
